

## Special Market Newsletter

### This is a Special Newsletter for the Farmers and Artists Market on July 25, 2026

On the weekend of 24 to 27 July, Mountain Home Productions will host multiple concerts in the Lakeview Parking lot. This will have a very big impact on the July 25<sup>th</sup> market. Please read this carefully so that the market goes without too much hinder! The Market Guys will be there to assist you.

Not all stalls will be moved!

Stalls 1 through 14 normal set up.

Stalls 28 through 44 normal set up.

Stalls 49 through 65 normal set up.

Stalls 71 through 92 normal set up.

#### Stalls that will move:

Stalls 15 through 27 will move to 6<sup>th</sup> avenue behind the Thrift Store to Summit Shoes,

Stalls 45 through 48 and stalls 66 through 70 will move to the front of the 2 single stall rows.

Stalls 92 through 97 will turn 90 degrees with the back of the stalls towards the MHP stage.

Stall 98 will move to a position next to stall 71.

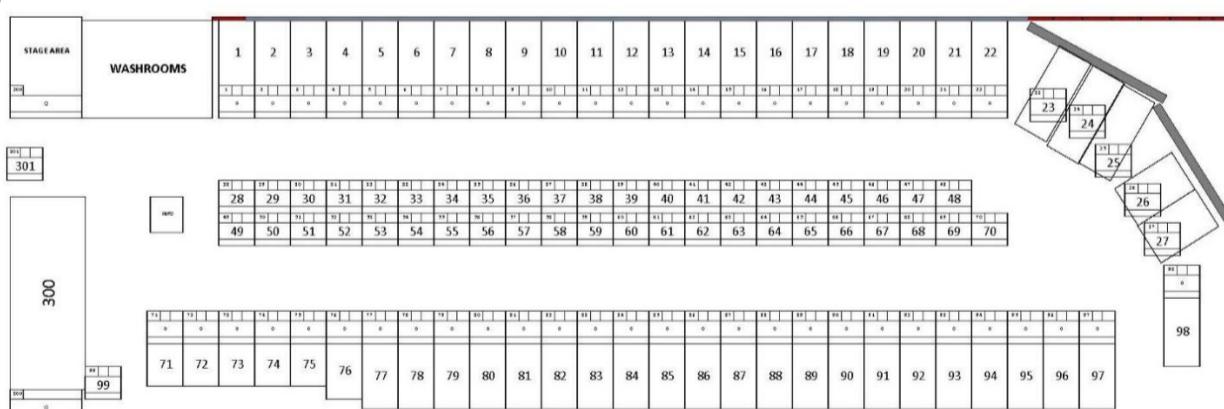

The stall spaces for the moved stall will be indicated by yellow dots on the ground, without numbers. We ask that the setup be like the Fall Fest set up, the first vendor in sets up at the first stall space and the following vendors stack in beside.

We are quite aware that this is going to have quite an impression on our vendors and will require extra work for vendors and the market volunteers but with everyone working together, we can make this layout work and have some great concerts in Invermere.

Below is an image of the July 25<sup>th</sup> market. It will also on our website,
